Re: Online OSHA Training

CAL OSHA mandates every employee completes specialized training that relate to their work environment (OSHA 5193 and 5199). The following will need to be completed by **9/30/20**.

Officers and Professional Staff
Blood Borne Pathogens
Aerosol Transmissible

Log into the Target Solutions website and complete both topics training. Once training is completed print out the certificate and forward to the training manager. Supervisors please ensure your Officers complete this by **9/30/20**.
