To Whom it May Concern,

My name is Fernay McPherson, Chef and Owner of Minnie Bell's Soul Movement. I've been an entrepreneur for 8 years. Starting as a small catering/food truck that employed 3 people to a brick and mortar establishment that now employs 9 people inside of Public Market Emeryville.

This letter is in support of Life Science building. This project will bring over 700 new employees to Public Market. As the community continues to evolve, the Life Science building will be a great addition for the food hall and community. The design of the project is also reminiscent to Emeryville's Industrial and authentic past. Please consider this project as it will be a great addition for the residents and business owners of Emeryville.

Best,

*Fernay McPherson*
